

# Order Prep Sheet

\*This prep sheet is a tool to help make your ordering process easier. Ocala Fence is not responsible for final quantities ordered or take-offs. Please review your material list before submitting.

- Panel
- ▲ Corner Posts --- These are needed at every point the fence will create a 90-degree angle.
- End Posts --- These are needed at the point where the fence touches the house, to frame the gate opening, or if meeting up with pre-existing fence or structure.
- Line posts --- These are needed at the end of a panel to connect to another panel in a straight line of fence.
- Gate --- Be sure to check out our Gate Upgrade Kit. These kits give your gates more stability and help prevent potential sagging and warping.
